3M™ Window Film

So remarkable, you may not have noticed...

And that's the point. 3M earned the world's first patent for sun control window film in 1966. Today, there are millions of buildings with 3M Window Films installed all around the world. Combining technologies in imaginative ways, our scientists continue to develop revolutionary solutions that help make your space remarkable, inside and out.

Product claims we stand behind.

There are scores of companies that claim to be just as good as 3M Window Films. Such boasts are especially common for companies that are here today, but long gone by tomorrow. Making such claims is easy, but backing them up with facts makes all the difference. The 3M difference. So here are the facts from a company you know and trust.

Innovative solutions.

We push beyond industry standards. Our window films are designed down to every detail and rigorously tested. 3M is one of the global leaders in developing and manufacturing adhesives, films and coatings, the main components in our window films. We don't just test our products — we test them to the extreme!

Maximum UV protection.

Our films block up to 99% of the sun's harmful ultraviolet rays, which are the single largest cause of fading. They also help reduce the effects of solar heating and visible light, which contribute to fading. 3M Window Films will help extend the useful life of your carpets, window treatments, furniture and hardwood floors.

Another great 3M product you can trust.

Protected by 3M™ Window Film

3M weathering science.

As window film energy solutions grow in popularity, building and home owners need a partner they can trust to deliver high quality performance for a variety of conditions. For over 60 years, 3M has employed state-of-the-art weather testing strategies to refine window film solutions. Today, 3M uses some of the most advanced weathering facilities in the world to develop thousands of products. Trust in the 3M brand to produce excellent, high-performing products.

Warranty backed by one of the most admired companies.*

What good is a lifetime warranty from a company that wasn't around 10 years ago and probably won't be here 10 years from now? Selecting 3M™ Window Films gives you peace of mind. That's because we have one of the most comprehensive warranties you can get; backed by a company you know and trust.

3M dealers make the difference.

Our 3M Authorized Dealer Installers are available to help solve problems like excessive heat and glare and faded furnishings. They are skilled solution providers for glass safety, security, comfort and privacy.

Another great 3M product you can trust.

In the home, in the office, in the lab and on the work site, every day, people all over the world turn to 3M products. Our quality and commitment to innovation is virtually unmatched. From great consumer brands like Post-it™, Filtrete™ and Scotch®, to leading-edge technology and medical products, 3M has earned the world's trust.

Contact your local authorized 3M Window Films Dealer for a free estimate. For more information, please call 1-866-499-8857 or visit us at 3M.com/WindowFilm.
